

**ELLIOTT**  
EQUIPMENT COMPANY

# MINEREACH

**TOUGH JOBS CALL FOR TOUGH EQUIPMENT**

Mining is hard work, which is why Elliott's products are built from the ground up with heavy-duty components that are built to last. Whether you are scaling, maintaining or placing explosives, Elliott's MineReach makes your job easier and more efficient than ever before, with its combination of a high capacity, multi-featured work platform, ANFO delivery system, and material handling capabilities on a single machine. Elliott's "Office In The Sky" accessory options bring your tools to the platform, where the work is performed, making you more efficient on the job.

*Every Elliott comes standard with the peace of mind of knowing that your investment is backed by the best warranty in the industry.*

## BUILT FOR YOU

We know that every job is different and requires unique solutions to get the job done right. Starting with a wide range of optional equipment, Elliott's distributors and engineers will work with you to build exactly what you need to do your job, your way.

BUILT FOR YOU
