INDUSTRY OVERVIEW

Cities, counties, DOTs, airports, universities, and public works teams need equipment that’s safe, versatile, and ready for anything. Elliott truck-mounted HiReach aerials and BoomTruck cranes deliver multi-role capability with outstanding reach, smooth control, and integrated tools—so one unit can handle lighting, signage, facilities, and seasonal work without constant rentals or multiple trips.

WHY ELLIOTT FOR GOVERNMENT & MUNICIPAL?

- **Multi-purpose by Design** – aerial access, material handling, and tool power in one truck.
- **Truck-mounted Mobility** – road-ready, easy to reposition, and faster between jobs than tow-behind or scissor lifts.
- **Non-CDL Configurations** – on select models to broaden the operator pool and simplify staffing.
- **Lowest Total Cost of Ownership** – through durability, uptime, and strong resale value.
- **Made in America** – backed by a nationwide service network and industry-leading warranties.
- **Backed by a 100% Employee-Owned Company** – committed to long-term quality and service.

FEATURE	BENEFIT FOR PUBLIC WORKS
Long side reach with precise “point-and-shoot” telescopic boom	Access lighting, signs, and building features with fewer setups, even roadside
Spacious high-capacity platform	Carry crew, tools, and materials aloft to finish more on one stop
Office in the Sky tool circuits (110V, air, weld leads, hydraulic, wash)	Power tools at height; reduce trips to the ground and job time
Platform & main-boom material handling	Lift and place fixtures, panels, and components safely and efficiently
Compact outrigger spreads / short-jack options	Set up in tight urban spaces or single-lane closures
Zero tailswing designs	Improve safety near traffic and structures
Automatic outrigger leveling & one-touch stow	Faster setup/tear-down; reduce operator fatigue
In-cab/Bluetooth diagnostics (select models)	Speed troubleshooting and keep fleets moving
Compliance with ANSI/ASME/OSHA	Support safety programs and standard operating procedures

COOPERATIVE PURCHASING — THE SOURCEWELL ADVANTAGE

Buy Compliantly, Skip the Bid

Elliott is an awarded Sourcewell supplier under contract #110421-EEC (maturity date 12/27/2025). Cooperative purchasing through Sourcewell lets eligible public entities purchase competitively solicited equipment without running their own RFP—saving time and administrative cost while maintaining compliance.

How it Works

- 1) Confirm your entity's eligibility with Sourcewell.
- 2) Reference Elliott's contract #110421-EEC to get your quote.
- 3) Issue a purchase order directly using Sourcewell terms.

Need help? Your Elliott dealer can guide you through the process.

INCLUDED IN EVERY ELLIOTT PARTNERSHIP
